Corporate Partnership Program

Advancing the Specialty of Perianesthesia Nursing
Corporate Partnership Program

Thank you for your inquiry regarding partnership opportunities with the American Society of PeriAnesthesia Nurses (ASPN). Since our founding in 1980, ASPAN has represented the interests of nurses who specialize in preanesthesia and postanesthesia care, ambulatory surgery, and pain management. Today, we have over 14,500 members with representation from every state in the country.

Our members are remarkably committed, successful, and the overwhelming majority (81.1%) report having influence on the purchase of medical equipment, supplies, or medications. As a result, ASPAN’s Corporate Partnership Program provides an ideal opportunity to promote your products and services among a target audience that works alongside physicians and the patients under their care.

ASPN’s Corporate Partnership Program offers three levels of participation, and we invite you to examine each category and consider which option best meets your goals and objectives for the coming year. Please do not hesitate to contact us if you have any questions, and thanks again for considering an ASPAN corporate partnership.

Sincerely,
