

**ASPAN Component Development Institute**  
*Going for Gold!*

ASPAN leadership is excited to come together in Kansas City to connect and reestablish our passion for growing together. We are asking all component leaders and interested members to come to Kansas City to listen, share, and learn from one another. This weekend will be full of tips and suggestions to strengthen your component.

The Gold Leaf Award program has all the basics of a strong component. We will explore important portions of the Gold Leaf program and their relevance to components. Tips will be shared regarding how to implement and operationalize the segments of Gold Leaf. The weekend will be FULL of information recommending ways to unleash the power in you and among our community. Along with the important topics, the entire ASPAN Board of Directors will be present to meet with their regions, connect with members, and be present for sharing. This weekend focuses on you, your leadership, and your component!

CDI will focus on the things that unite us, the importance of connection, and the power in community. Come and join me and the ASPAN Board of Directors at CDI in Kansas City.
