GREETINGS FELLOW ASPAN MEMBERS!

Welcome to the 2025 summer/fall edition of ASPAN's brochure for perianesthesia nursing professional development. Here you will find the listing of all in-person seminars and live webcasts.

I am inspired by a quote from Maya Angelou, *"I did then what I knew how to do. Now that I know better, I do better."*¹ Most of us have experienced dramatic changes in our practice and care for our perianesthesia patients, due to the advancements of innovative technologies, sophisticated monitoring systems and new pharmaceuticals. So, where do we go to "know better," to gain this knowledge and professional development? We come to ASPAN, the premier organization for perianesthesia nursing professional development. Our programs are designed to meet the needs of our multi-generational membership. We offer two-hour, four-hour, and full-day virtual webcasts, as well as full-day in-person seminars. ASPAN's programs are undergoing rigorous reviews and updates to ensure you are receiving the most current and best evidence-based practice programs. The presentations are delivered by nationally recognized perianesthesia experts.

My theme for this year is "Moving to the Future and Accepting the Challenges." Please check the brochure, mark your calendars, and remember this quote, by Malcolm X, *"Education is the passport to the future, for tomorrow belongs to those who prepare for it today."*²

Sincerely,

Ursula Mellinger

Ursula Mellinger, BSN, RN, CPAN, CAPA – ASPAN President 2025-2026
