## PROFESSIONAL EXPERIENCE

**Lahey Hospital & Medical Center** – Burlington, MA | *Present*

**Perianesthesia Nursing Professional Development**

Development and implementation of competency-based education across all phases of perianesthesia care. Design and deliver orientation programs, skills validation, and ongoing education aligned with ASPAN standards. Mentor nursing staff to strengthen clinical judgment, critical thinking, and professional growth. Collaborate with leadership to ensure regulatory compliance and patient safety initiatives.

**Emerson Health** – Concord, MA | 2020–2025

**Level IV Perianesthesia Registered Nurse**

Provided comprehensive evidence-based care in Pre-op, PACU Phase I & II, and Pre-Surgical Testing for adult and pediatric patients. Supported complex surgical services while ensuring safe recovery and optimal patient outcomes.

**Vascular Care Group** – Leominster, MA | 2020–2022

**Per Diem Level III OBL Staff Nurse**

Delivered conscious sedation and specialized nursing care in an office-based lab setting for vascular procedures.

**Lowell General Hospital** – Lowell, MA | 2017–2020

**Operating Room Nurse Circulator (2019–2020)**

**Level III Staff RN, Adult Telemetry/Post-Cardiac Catheterization (2017–2019)**

**Massachusetts General Hospital for Children** – Boston, MA | 2005–2017

**Pediatric Nurse Manager, Charlestown Health Center (2016–2017)**

**Pediatric Staff Nurse, Ambulatory Medicine (2005–2016)** Led pediatric clinical operations, staff supervision,

and quality initiatives. Supported ambulatory pediatric services with a focus on safety, education, and family-centered care.

### **Shriners Hospital for Children – Boston, MA | 2003–2005**

#### **Level III Staff Nurse, Pediatric Burns PICU/PACU**

Delivered critical and post-anesthesia care for pediatric burn patients, emphasizing pain management and surgical recovery.

### **Earlier Nursing Experience (1995–2005)**

Progressive pediatric and perioperative roles at Boston Children’s Hospital, Cambridge Health Alliance, and major U.K. hospitals, including cardiothoracic surgery, gastroenterology, medical-surgical, and ambulatory pediatric care.
