

# National Fees

## **National Membership & Service Fee**

Similar to the current fee structure, each member of ASPAN shall pay a National membership fee in addition to any membership fee charged by the member's respective Region. Each Region shall have the ability to set its own membership fee, with ASPAN National recommending a standard range to ensure consistency among the regions. National will continue to send regions payments on a monthly basis through ACH. No other service fees or charges are administered unless the region opts in for additional services.

## **Fees for Optional Services**

Each Region shall have the option of having the National Association provide additional administrative services that may be developed and offered over time. The Region will be responsible for covering the cost of any such services from available revenue sources (e.g., Region membership dues, region-wide and local conferences, sponsorships, and the like). Fee amounts will be determined on a case-by-case basis based on the size, scope, or technology needs of a project.
